Author Profile

Ms. Deepa.D, received B.E degree in 2006 from Anna University, obtained M.Tech degree from BIHER in 2009 and doing research in Computer Science and Engineering in Bharath Institute of Higher Education and Research, Chennai, India. My current research interests are in Data Mining, Image Processing, Machine Learning, Artificial Intelligence, Data science.

Dr. ANITHA KARTHI received her B.E degree from the University of Madras, Chennai, India in 1998. She obtained her M.E. degree (First Class with Distinction) from CEG, Anna University, Chennai, India in 2007 and her Ph.D. degree from CEG, Anna University, Chennai, India in 2013. She is currently working as a Professor in the Department of Computer Science and Engineering, Bharath Institute of Higher Education and Research, Chennai, India. Her current research interests are in data science, machine learning, and IoT applications in the field of Electrical, Electronics, and Computer Science Engineering.
