## Authors Profile

**Reseena Mol N.A** received her Bachelor's in Computer Application from M.G.University,Kerala, India and her Master's in Computer Application from Indira Gandhi National Open University. She received her MPhil (Computer Science) from Vinayaka Mission University ,Salem. She is carrying out a research in Sentiment Analysis.

**Dr. S. Veni** received her Bachelor's in Computer Science, Master's in Computer Science, M.phil and P.hD from Bharathiar University. She is currently working as Professor and head, Department of CS, CA & IT, Karpagam Academy of higher education, India. She has successfully completed her Administrative responsibilities as Professor. Her research has included Control Systems, Data Analysis, Data Security.
