Authors Profile

Author 1: Nandeewar Sampigehalli Basavaraju

Completed B.E in Computer Science and Engineering from Bangalore University & and M.Tech in Computer Science and Engineering from Visvesvaraya Technological University. Pursuing Ph.D in Computer Science and Engineering at Presidency University, Bangalore, India.

Currently working as Associate Professor in Computer Science & Engineering with over 17 years of experience in teaching for UG and PG courses.

Areas of scientific interests: Image Processing, Computer Networking, Design and Development of Intelligent computing process, AI and Machine Learning

Author 2: Dr. Shanmugarathinam Ganesarathinam

Ph.D in Computer Science & Engineering 2015, Bharathiar University, India

Currently working as Associate Professor with over 18 years' experience in teaching of undergraduate and postgraduate courses in the Department of Computer Science and Engineering, Presidency University, Bangalore.

Areas of scientific interests: Computer Networking, Machine Learning and AI, Image Processing and Block chain technology
