

## Authors Profile

**Puneet Sharma**, P. hD Research Scholar in department of Computer Engineering and Applications at GLA University. I have completed my MCA from Anand Engineering College (UPTU) in 2012 with 75% marks and BCA from Barkatullah University Bhopal in 2006. I have 10 years of Teaching experience in Engineering and Degree Colleges as an Assistant Professor. I am published more than 10 papers in journals and conferences. My research area includes Cloud Computing and Machine Learning. I am doing research in Resource Scheduling and optimization in cloud computing.

**Manoj Kumar**, Professor in GLA University received the Ph.D. degree in Computer Engineering and Applications from GLA University, Mathura, India in 2016. His total teaching experience is more than 21 years. Currently, he is Professor at GLA University. His research interest areas are computer vision and image processing. He has published more than 35 papers. Also, he has published 2 books and 9 patents and 2 patent has been granted. Currently, he is guiding 8 PhD students. Also, running 3 different government projects.

**Ashish Sharma**, Professor and Dean Academics in GLA university, received the Ph.D. degree in Computer Engineering and Applications from MNNIT Allahabad, M. Tech from UPTU and BE from Shivaji university, Kolhapur. His research interest area is Software engineering, Distributed computing and cloud computing. He has published several research papers in journal and conferences of repute. Also, he has published 4 books and 8 patents and 3 patent has been granted. Currently, he is guiding 10 PhD students.
